

Edgesafe

Protected Lifting Belt

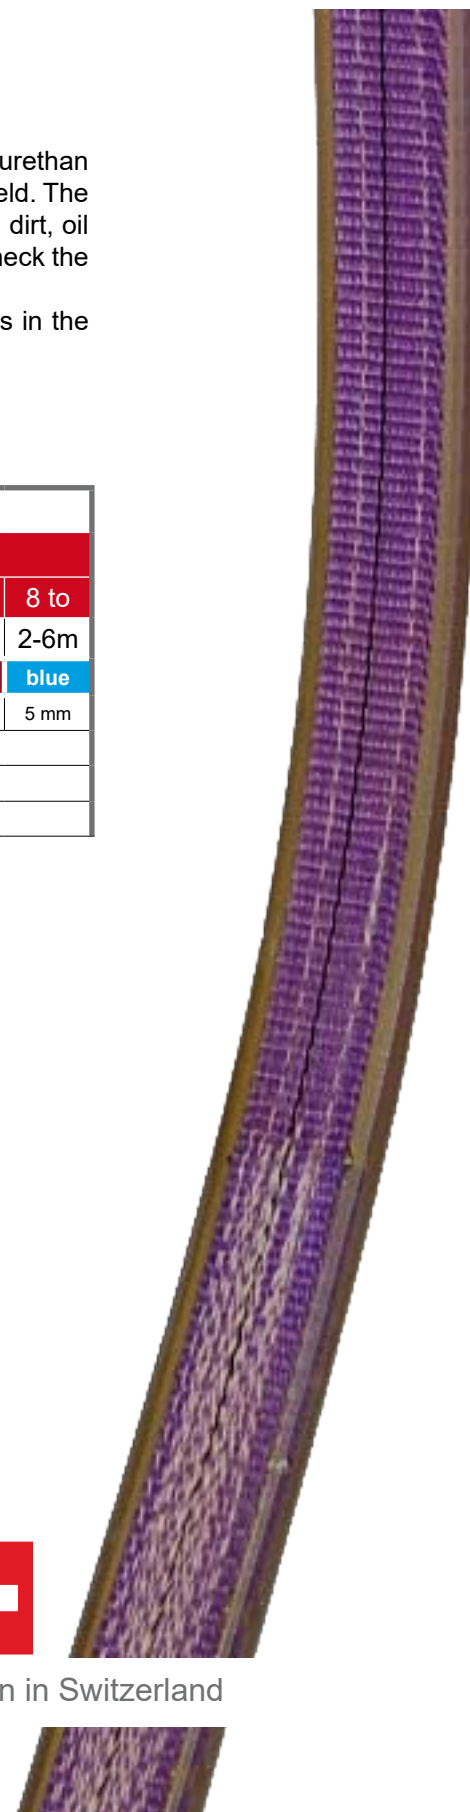

Edgesafe - cut resistable edge protection!

Flat belts „VTT Edgesafe“ are melt into a very resistable polyurethan coating what allows to use these kinds of slings in a very wide field. The slings possess a very high protection against cutting, abrasion, dirt, oil and UV radiation. The transparency of the coating enables to check the textile belts for any damages.

These slings meet any application in heavy industrie as well as in the construction area.
